

Solis Large Vacuum Bag Set

DESCRIPTION

Solis Vacuum Bags - 30 x 40 cm (50 pcs)

These vacuum bags come in a size of 30 x 40 cm, making them suitable for use with Solis vacuum sealers. This size of bag is perfect for vacuum-packing food such as up to 1 kg of flour or coffee, large fish filets and whole dishes. All you need to do is to fill the bag with the desired food and vacuum-seal it.

Channels on both sides of the foil allow air to be extracted completely. The three-layered film with a thickness of 110 μ m reliably prevents moisture and oxygen from entering and makes the bags suitable for sous-vide cooking ($< 100^{\circ}\text{C}$), for microwaves ($< 100^{\circ}\text{C}$), for boiling water (< 4 hours) and for storage in the freezer without the risk of freezer burn ($> -20^{\circ}\text{C}$).

All Solis vacuum-seal rolls and bags are made of food-safe, BPA-free material for guaranteed safety and quality. Tested and approved in Switzerland by SQTS, only genuine with the Solis logo on the foil.
